Pyrex

ELECTRONICS

State Law bans disposal of Electronic Waste (Batteries, Cell Phones, Computers, TV's, etc.) in residential trash pickup. Recyclers who still accept [tube] TVs, expect a possible service charge in the area of \$25 per item.

Local community's and organizations host electronic recycling events throughout the year. Look for upcoming events in the local news paper and social media.

Some thrift shops still accept working TV's and there are some nearby businesses who accept electronics and CRTs.

It's a good idea to call ahead and see what they will accept..

Staples: 610-328-9239

Best Buy: 610-604-7474

Office Depot: 610-543-1434
